Central Intelligence Agency

Dear Mr. McMahon:

Thank you for sponsoring the May 12, 1982 dinner program for the Office of Personnel Management's Interagency Task Force on Women in Science and Engineering. Over 280 women scientists and engineers employed by a wide range of Federal agencies took advantage of the rare opportunity to have an inside view of the Central Intelligence Agency. We are especially appreciative since we know that this is a privilege which imposes a heavy security workload for your organization.

Your enthusiasm and support for the task force are impressive and very much appreciated. I am confident that you will provide support and encouragement to [redacted] as she works with agency managers to improve women's representation at the agency.

STAT

Please convey my congratulations and gratitude to [redacted] for a job well done. The success of the dinner and program showed good planning and organizing behind the scenes, and I know that a great deal of work was required on her part.

STAT

Thank you once again for hosting our task force.

Sincerely yours,

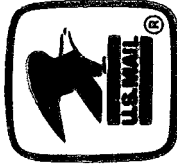

F. Cleo Spartin
